Sir:

The petitioner, Aventis Pharma S.A., having offices at 20, Avenue Raymond Aron, Antony Cedex, France 92165, represents that it is the assignee of Application Serial No. 10/786,810, filed on February 25, 2004, by an assignment recorded at the USPTO set out in Reel 014764 Frame 0198 on June 22, 2004 (by way of assignment of assignor's interest to assignee, Aventis Pharma S. A.).

The petitioner, Aventis Pharma S.A., hereby disclaims the terminal part of any patent granted on the above-identified application, which would extend beyond the expiration date of U. S. S. Patent No. 7,105,504 B2, this agreement to run with any patent granted on the above-identified application and to be binding upon the grantee, its successors or assigns.

Such disclaimer does not, however, mean that petitioner hereby waives or disclaims any right to an extension of the term of any patent issuing from application serial number 10/786,810, under 35 USC §§ 155 to 156, pursuant to (a) Title II of Pub. L. No. 98-417, enacted on September 24,

No. 100-670, enacted November 16, 1988 and entitled "Patent Term Extension for Animal Drug Products", or (c) any other subsequently enacted Public Law or Act which provides for the extension of the term of a patent.

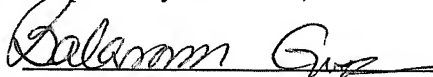

Such disclaimer does not disclaim any terminal part of any patent granted on the above-identified application prior to the expiration date of the full statutory term, as presently shortened by any terminal disclaimer of U. S. Patent No. 7,105,504 B2 (Application No. 10/786,483) in the event that it later expires for failure to pay a maintenance fee, is held unenforceable, is found invalid, is statutorily disclaimed in whole or terminally disclaimed under 37 CFR 1.321(a), has all claims cancelled by a reexamination certificate, or is otherwise terminated prior to the expiration of its statutory term as presently shortened by any terminal disclaimer, except for the separation of legal title as stated above.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

Please charge Deposit Account No. **18-1982** in the amount of \$130.00. The Commissioner is authorized to charge any fees under 37 CFR 1.16 - 1.21 or credit any overpayment to Account No. **18-1982**.
